

## PSTS opens new vistas. Handles 3 vessels in 30 days in Adani Dhamra Port in Odisha

Adani Dhamra Port has awarded shore and Stevedoring contract to PSTS for handling of steel products at Dhamra Port, situated in Odisha State of India. PSTS has upheld the trust shown in its capabilities by handling 3 vessels namely M.V. Rojarek Naree, M.V. Eden Bay and M.V. African Venture amounting to an export of a total of 60,300 m/tons of HR coils, within a span of 30 days. This was made possible by planning meetings at every stage for meticulous operation. That PSTS was also able to maintain high standards of safety and service levels as expected from it by the Adani Port officials, was just icing on the cake.
